

Note contributed from Barbara Noyer

Long time member of the SDSDC, Carmen Burgess, passed away Sept. 2, 2021 of cancer. She was well liked by everyone who knew her. Carmen loved to dance and was sure to attend many of the parties that different club members had. You couldn't miss her

driving her old blue truck. She didn't drive the freeways but could always get around on surface streets. She will be missed by the many who knew her.
