

I realize all of us would like this quarantine lockdown to end, but it looks like it will continue. We are all asked to not only stay six feet away from each other but also wear a mask as we leave our homes. As the COVID-19 continues to spread we must all do what is necessary to protect our families and each other.

The El Cajon Elks Lodge is continuing to remain closed and so far does not have a reopening date. Therefore it is assumed that the SDSDC will remain closed thru the end of May. I will email a notice to let everyone know if any changes come about.

As Michele Brannon,
a previous SDSDC
President used to
say——

I Wish we could!

Sincerely Yours
Bob Avila
